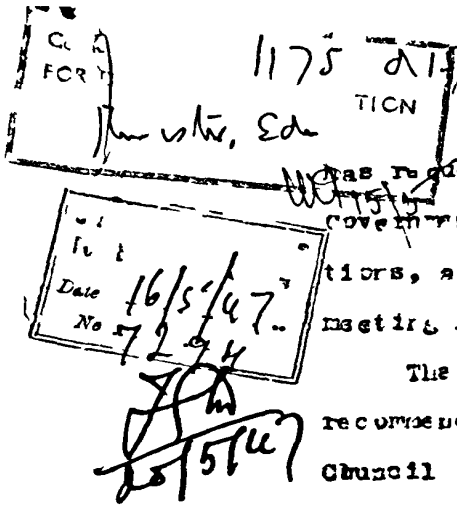
Subject :- Duplicating the electric pumping Unit for Davanagere Water Works at Harihar

---

At present the water supply to Davanagere Town Municipality is being given by the pumping unit installed at Harihar The 116 H Electrical pumping sets which were installed in the year 1942 are being put to continuous run of nearly 20 to 22 hours a day to meet the increasing need of water supply to the Davanagere Town Owing to the very heavy work expected of this only pumping unit at the place great difficulty is being experienced for adequate water supply to the Town in case of shutdowns or other electrical troubles Due to the continuous run, the motors get hot and the switch contacts are also found to give trouble now and then To obviate all these difficulties it has been proposed to install another pumping set of a higher capacity motor and pump in order to meet once for all the heavy and growing demand for water at Davanagere The duplicate pumping Unit, when put into operation, would relieve the heavy strain on the existing plant and also enable increased supply of water being given to the Town

An estimate for Rs 50,200/- for the above work work has been prepared by the Sanitary Engineer, Bureau of Sanitary Engineering, and submitted to Government This has been duly scrutinized and corrected to Rs 47,400/- by the Chief Engineer for Irrigation

The President of the Municipal Council,has countersigned the estimate for half the amount and



has requested that the cost of the work be met by the Government and the Municipal Council in equal proportions, as resolved by the Municipal Council at their meeting held on 27th May 1945

The Deputy Commissioner, Chitaldrug District has recommended sanction to the resolution of the Municipal Council

The Minister for Revenue and Communications to whom the papers were submitted, has minuted as follows:

"The estimate may be ~~xxxxix~~ sanctioned The full cost may be met by the Municipality Davanagere has been given financial assistants in regard to the other items of work and it is necessary to utilise the amounts available to meet the claims of other Municipalities If however, any assistance is necessary, it may be considered on merits next year "

The case has been ordered to be disposed of by circulation

The point for orders is the sanctioning of the estimate for Rs 47,250/- for duplicating the electric pumping unit for Davanagere Water Works at Harihar, the entire expenditure on the work being met by the Municipality

Final note by the Minister for Revenue and Communications

Subject — Duplicating the Electric Pumping Unit for the Davangere Water Works at Harihar

1 At present, water supply to the Davangere Town is being given by the Pumping Unit installed at Harihar This unit was installed in the year 1942 and it is reported to be giving trouble now and then for sometime past, as it has become old and unserviceable, with the result that it has not been possible to meet the demand for increased supply of water to the town, in spite of frequent repairs and replacement of spare parts of the engine

2 To obviate the above difficulties, it has been proposed to install a duplicate pumping set of a higher capacity It is expected that this additional unit would relieve the heavy strain on the existing set and also provide necessary facility to meet the demand for increased water supply

3 An estimate for Rs 50,290 has been prepared by the Sanitary Engineer for the above work The Davangere Town Municipal Council have resolved at their meeting held on 27th May 1945 to the effect that the pumping set may be purchased and installed, half the cost thereof being met by the Municipal Council and the balance by the Government The Municipal Council have pleaded their irability to bear the entire cost of the scheme on account of several other commitments The President, Davangere Town Municipal Council has accordingly countersigned the estimate for half the cost only The Deputy Commissioner, Chitaldrug District has recommended sanction to the resolution of the Municipal Council

Para 12 of Note

4 The above estimate has been duly scrutinized and corrected by the Chief Engineer for Irrigation for Rs 47,250/-

5 When the papers came up to me for orders, I minuted as follows

"The estimate may be sanctioned The full cost may be met by the Municipality Davangere has been given financial assistance in regard to the other items of work and it is necessary to utilize the amounts available to meet the claims of other Municipalities If, however, any assistance is necessary, it may be considered on merits next year"

Para 30 of Note

6 In order to guard against any breakdown of water supply to Davangere Town, it is necessary to sanction the above proposals

Para 32 of Note & R

7 The Dewan and other Ministers of Council are agreeable to the above proposals I accordingly solicit His Highness' gracious approval to the estimate for Rs 47,250/- for the above work, the entire cost being met by the Davangere Town Municipality

Camp - Mysore,
9th July 1947

MINISTER FOR REVENUE
& COMMUNICATIONS

Submitted to His Highness

I submit herewith a Final Note by the Minister for Revenue and Communications on the proposal to sanction an estimate for Rs. 47,250/- for duplicating the electric pumping unit for the Devanagere Water Works at Harihar, for the gracious approval of His Highness

H L Rowan

Bangalore,
13th July 1947

Draft Press Note

Subject: Duplicating the Electric pumping plant for the waterworks at Hamilton

At present water supply to the Dunnedgarie [illegible] is by the pumping unit installed in the year 1912 and was installed for temporary purpose only. It has become necessary to have permanent arrangement for the water supply. Hence it is decided to duplicate the pumping unit. The work is expected

that the additional unit would relieve the heavy strain on the existing plant and also provide necessary facility to meet the demand for increased water supply

An estimate for £50,000 has been prepared by the Sanitary Engineer for the purpose

The Drainage Board have resolved at their meeting held on 25th inst to apply that the pumping set might be increased forthwith, half the cost thereof being met by the Board and the balance by the Govt. The Board have pledged their credit to bear the entire cost of the scheme on account of the Govt other Commitments the President, Drainage Board has accordingly communicated to the Chief Secretary (to say to the Govt only)

The Chief Secretary does has recommended sanction for the restriction of the Board.

The above estimate has been duly scrutinized & corrected by the Chief Engineer for Irrigation for £50,000

When the papers came up to me for orders, I minuted as follows:—

"The estimate may be sanctioned the

[illegible] sufficient assistance has been given Financial assistance in regard to the other items of work & it is necessary to mitigate the amount available to such to claims of other villages of towards any assistance as necessary, it may be considered on merits next year

~~The Case having been referred to be disposed of by Circulation, the papers were circulated among the other Ministers of Council~~

In order to guard against any breakdown of water supply to Dwaraka Town, it is necessary to sanction the above proposals

The Secretary to the other Ministers of Council are agreeable to the above proposals. I accordingly [illegible]

The proposal to the ~~Estimate~~ estimate for Rs 47,957 for the above work, the entire cost being met by Government grant

Subject:- Duplicating the Electric Pumping unit for Davanagere Water Works at Harihar

At Present the Water Supply to Davanagere town is being given by the pumping unit installed at Harihar Ote 116 H P Electrical Pumping sets which were installed in the year 1942 are being put to continuous run of nearly 20 to 22 hours a day to meet the increasing demand of water supply to the Davanagere Town Owing to the very heavy work expected ~~expected~~ of these only pumping unit at this place great difficulty is being experienced for adequate water supply to the Town in case of shut downs or other electrical troubles Due to the Continuous run, the motors get hot and the switch contacts are also formed to give trouble now

WD 03697—GPB—30 000—2 2 46

and thus To obviate all these difficulties, it has been proposed to install another pumping set of a higher capacity motor and pump in order to meet once for all the heavy and growing demand for water at Davanagere. The Duplicate pumping unit when put into operation would relieve the heavy strain on the existing plant and also enable increased supply of water being given to the town

An estimate for Rs 50,290/- for the above work has been prepared by the Sanitary Engineer, Bureau of Sanitary Engineering, and submitted to the Govt who have only scrutinized and corrected to Rs 47,250/- by the C E for Irrigation

As per resolution of the Davanagere Town Municipal Council dated 27-6-45 the President of the municipal council has

G R S App F G 3

CI NERAI AND REVENUE
SFCI ETARIAT

(C mtinuatu n sheet draft form)

countersigned the estimate for half the amount and has requested that the cost of the work be met by the Govt and the Mt Council in equal proportions as required by the Supervisors at their meeting held on 5th May 194;

The D C Chairman of that has recommended sanction to the resolution of the municipal council

The Minister for Revenue and Commerce to whom the Papers were submitted, has minuted as follows —

"The estimate may be sanctioned the full cost may be met by the Municipality Damamagee has been given financial assistance in regard to the other items of work and it is necessary to utilise the amounts available to meet the claims of other municipalities If, however, any assistance is necessary, it may be considered on merits next year"

WD 03697—GPB—30 000—2 2 40

The case has been ordered to be disposed of by circulation

The post facto orders to the sanctioning of the estimate for Rs 47,250/- for duplicating the electric pumping unit for Davanagere water works at Harihar, the entire expenditure of the works being met by the municipality

Sd/-
for Rev Secy

case the pumping unit gets out of order once, the estimate for Rs 4,725/- which has been sanctioned by the Chief Engineer for Irrigation may be sanctioned

2(c) The Municipality request that half the cost should be met by Govt. If their request is acceded to, Govt. share of the cost will have to be given out of the next year's grant. This town has already benefitted by large Govt grants

Minister for Rev. & Coms

OFFICE OF THE MINISTER FOR REVENUE
No 8238
Date 28.3.67

for

2(d) This estimate was prepared 2½ years ago. Can it stand now as it is or does it require revision in the light of present day circumstances in regard to labour, cost of material &c. It is not proposed to acquire the existing water supply installation at Hambantota as it is too far off and proposed to be abandoned - will it be made use of for supplying water to Dawagampura to any extent - If the answer is in the affirmative, will the item of work dealt with in this file be still necessary. The Chief Engineer for Irrigation may be officially consulted on the above points.

27/3

19 As the financial

Mtg according to the Budget

Estimates received from the Dte certain

works were unsatisfactory, the provision

made for this work has been deleted

20) As however the very duplicating

the electric pumping unit for the Dawanpur

waterworks at Nowton - is a necessity,

in the case of a break-down,

A | the estimate for Rs 47,250/- may

perhaps be sanctioned, the work being

ordered to be taken up next year

21) The Dawanpur Municipal have

reported that half the cost of the

side flap 5 ft | above work may be given as a grant

part of this report is sanctioned,

P | The first share of the cost would be

Rs 23,625/- | the Municipality may be instructed

to be provided in the State Budget

two water supply years for the year 1947-

22) As the above are for

new schemes | since 18/3/44

financial position of Dawanpur Municipality for 1946-47

O D 34,099

Income 554,586

Total 588,685

Expenditure 491,425

C B 96,160

23) It is necessary to duplicate

the electric pumping unit to avoid any

break-down in water-supply to the town

Subject :- Duplicating the electric pumping Unit for Davanagere Water Works at Harihar.

At present the water supply to Davanagere Town Municipality is being given by the pumping Unit installed at Harihar The 116 H.P. electrical pumping sets which were installed in the year 1942 are being put to continuous run of nearly 20 to 22 hours a day to meet the increasing demand of water supply to the Davanagere Town. Owing to the very heavy work expected of this only pumping unit at the place, great difficulty is being experienced for adequate water supply to the Town in case of shutdowns or other electrical troubles Due to the continuous run, the motors get hot and the switch contacts are also found to give trouble now and then To obviate all these difficulties, it has been proposed to install another pumping set of a higher capacity motor and pump in order to meet once for all the heavy and growing demand for water at Davanagere. The duplicate pumping Unit, when put into operation, would relieve the heavy strain on the existing plant and also enable increased supply of water being given to the Town

An estimate for Rs 50,250/- for the above work has been prepared by the Sanitary Engineer, Bureau of Sanitary Engineering, and submitted to Government This has been duly scrutinized and corrected to Rs 47,250/- by the Chief Engineer for Irrigation

The President of the Municipal Council, has countersigned the estimate for half the amount and

has requested that the cost of the work be met by the Government and the Municipal Council in equal proportions, as resolved by the Municipal Council at their meeting held on 27th May 1945

The Deputy Commissioner, Chitaldrug District has recommended sanction to the resolution of the Municipal Council

The Minister for Revenue and Communications to whom the papers were submitted, has minuted as follows:

"The estimate may be sanctioned The full cost may be met by the Municipality Davanagere has been given financial assistants in regard to the other items of work and it is necessary to utilise the - amounts available to meet the claims of other Municipalities If however, any assistance is necessary, it may be considered on merits next year "

The case has been ordered to be disposed of by circulation

The point for orders is the sanctioning of the estimate for Rs 47,250/- for duplicating the electric pumping unit for Davanagere Water Works at Harihar, the entire expenditure on the work being met by the Municipality

Sir,

Subject - Duplicating the Electric Pumping unit for Davangere Water Works at Harihar

---

In forwarding herewith the entire file of records ending with letter No H C 148/43-44, dated the 13th instant received from the President, Town Municipal Council, Davangere, on the above subject, I have the honour to state that an estimate amounting to Rs 50,290/- for the above work, which was received from the Sanitary Engineer, Bureau of Sanitary Engineering, was placed before the Municipal Council, at its meeting held on 26th July, 1944, when it was resolved that the estimate may be countersigned and that Government may be requested to sanction half the cost of the estimate as a grant from Government as the Municipality is unable to bear the entire cost on account of several other commitments

In enclosing herein the estimate and a copy of the resolution of the Municipal Council, I recommend that Government may be pleased to accord sanction to the estimate

estimate of Rs 50,290/- and to sanction half the estimated cost as a grant from Government, the other half being borne by the Municipality out of the closing balance at its credit

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Chitaldrug District

Subject, Duplicating the electric pumping unit for Davangere wat works at Harihar

Sir,

With reference to your D O No L 5846 dated 12-11-1946 on the above subject, I have the honour to forward herewith the entire file of papers received with letter No H C 68/46-47 dated 19-10-1946 of the President of Davangere Municipality which is self explanatory The revised estimate is for Rs 47250/ and it has been countersigned by the President of the Municipality for half the cost The plan of the pump house showing the location of the proposed 40 H P low lift motor set and the proposed 150 H P electric Motor set is also enclosed herewith along with the other connected papers

The Sanitary Engineer Bureau of Sanitary Engineering is requested to furnish a detailed note to you regarding the existing plant together with a plan showing the low lift and high lift pumps etc , as called for in your letter No L 4430 dated 4-11-1944

In these circumstances, I request that sanction of Govt may kindly be obtained for the immediate execution of the work, the cost being met by the Govt and the Municipality in equal proportions as per resolution of the Municipal council as this work is reported to be of an urgent nature

I have the honour to be,
Sir,
Your most obedient Servant,

For Deputy Commissioner,
Chitaldrug District
Absent from Headquarters

C M F 3/

Letter No H C 68/46-47 dated 19th October 1946 from the President, Town Municipal Council, Davangere to the Deputy Commissioner, Chitaldrug District

Subject, Duplicating the electric pumping unit for Davangere water works at Harihar

With reference to your memo No A6C 70/44-45 dated 16-4-1946 calling for the return of the estimate and other records relating to duplicating the electric pumping ~~xxxxxx~~ Unit for Davangere water work at Harihar, I have the honour to state that a copy of the revised estimate amounting to Rs 47,250/ with a report of the sanitary Engineer dated 3-5-1945 along with the plans of the existing plant together with a detail plan showing the high lift and low lift etc , as called for from the Secretary to Govt Law Department in their letter No L 4430/ dated 4-11-1944 addressed to Deputy Commissioner and memo No A6 70/44-45 dated 10-11-1944 have been submitted to you in this office letter No H C 148/43-44 dated 19-6-1945

I request you therefore kindly to get the records traced in your office I am however enclosing herewith for your reference a copy of the said letter and a copy of the report of the Sanitary Engineer along with the estimate for Rs 50,290 checked for Rs 47,250/ on 14-10-1944, duly countersigned for ½ the estimated cost

I am further to request you that you may be pleased to recommend to Govt to sanction the work and to meet 50% of the estimated cost by way of grant from Govt Municipal council under its slender financial resources being Unable to meet the entire cost The work is of an urgent nature and can under no circumstances be postponed The Municipal council has got to meet the expenditure for several other important improvement works such as constructinn of R C C tank, under ground drainage, Municipal Office, vegetable market, bus stand, and it is therefo impossible to push through the work unless Govt comes to its help by a suitable grant Copies of the resolutions of the Municipal Council dated 29-3-1944 and 26-7-1944 are enclosed for ready reference

No A 6 C 70/46=47 dated 26th November 1946 from the Deputy Commissioner, Chitaldrug District, forwarding certain proposals in the matter of installing a duplicate pumping set of higher capacity at Harihar, from where water is supplied to the Davangere town, in order to meet the demand for increased supply of water in the town

---

Order No L2079-81/Ml45-46-49

Bangalore, Dated, 6th July '47

At present water to the Davanagere town is supplied by the pumping unit installed at Harihar in 1942 Owing to its long service and consequent decrease in efficiency of this old unit, the Davanagere town Municipality is said to be finding it difficult to meet the demand for an increased supply of water in this growing town In order to obviate the difficulties experienced for water in the town the Deputy Commissioner, Chitaldrug District forwarded an estimate amounting to Rs 50,200/- for the installation of a duplicate pumping set of a higher capacity to supplement the existing unit, along with a resolution of the local Municipal Council agreeing to meet only a moiety of the cost the balance being

P t o

requested to be made available by the Government

The Chief Engineer for Irrigation to whom the estimate was sent for opinion has scrutinised and corrected the same to Rs 47,250/=

In order to guard against any possible breakdown of water supply to the Davangere town, Government are pleased to sanction the estimate for Rs 47,250/- as revised by the Chief Engineer for Irrigation for the installation of a duplicate pumping set at Harihar

The entire cost of the work will be met by the Davanagere Town Municipal Council for which necessary provision should be made in its budget for 1947-48
